

SECTION 8

Church Buildings: Ordnance Survey National Grid References

The placing of symbols denoting churches may vary according to the edition of published maps. The references which follow should be sufficiently accurate to allow church buildings in regular use for worship to be located. The correction of any errors will always be welcomed, and appropriate details should be sent to the Editor of the *Year Book*.

The Churches are listed in the order in which they appear in the Presbytery Lists in the *Year Book*.
