

All you need to know to run a successful Sundae Sunday

1. Choose your date to suit your church and congregation.
2. Locate a supplier of ice-cream – either commercially (who might sell it to you at cost price) or individuals who have ice-cream makers (and know how to use them.)
3. Check out the health and hygiene requirements at www.foodstandards.gov.scot. At least one of your volunteer helpers should have a Food Safety and Hygiene Certificate.
4. This website – [http://www.buzzfeed.com/arielknutson/how-to-make -an-amazing-ice-cream-sundae](http://www.buzzfeed.com/arielknutson/how-to-make-an-amazing-ice-cream-sundae) - has some great ideas to incorporate into your Sundae Sunday.
5. As this is a fund-raiser for the HIV Programme, contact Mary at the office (hiv@churchofscotland.org.uk or tel. 0131 225 5722) for posters, the latest updates, red ribbons, and gift aid envelopes.

The Order of service and children's resources will be the same as this year's Souper Sunday resources.
